# Who we are.

---

Make your dreams  
happen at **westlionCo.**

We are a workstation creation company dedicated to helping businesses find the right way to work across Africa's cities.

**We provide bespoke and inspiring co-working space, private office and virtual services.**

WestlionCo provides an environment that supports and guides entrepreneurs to start, nurture and scale their businesses in Africa's often hostile economic environments.

We are set up to offer the highest level of flexibility, accessibility, and affordable co-working offices as well.

We are a workstation creation company dedicated to helping businesses find the right way to work across Africa's cities.

# Why we are different.●

## Flexibility●

Each business and individual entrepreneurs have their peculiar structure and demand requirement when it comes choosing a workspace.

At westlionCo, everything we do is on flexible terms, so businesses can effortlessly scale as needs change. We offer flexible plans that best fits organization no matter the size.

## Accessibility●

Accessibility is at the core of what we do at westlionCo. Location and pricing is a key advantage at **westlionCo**.

We are presenting affordable yet exquisite workstations in multiple communities in major cities.

## Inspiring●

We are dedicated to creating bright, inspiring workspaces with the right climate, fresh air and sunlight so people can be more productive and stay focussed on what's important. Our private offices, coworking spaces, business lounges and meeting spaces can be just the creative boost you need in your workspace.

# Membership Plans.

---

# Work your style.

Work from a private office, shared space and or our business lounges or meeting rooms, for as little or as long as you like.

## Private office.

We provide businesses & entrepreneurs with fully serviced private offices. Plug & play offices for a team of 2 - 8 to provide a focused work environment to nurture your ideas and grow your company.

Our private workspaces come fully furnished and inclusive of furniture, cabins/drawers, high-speed WiFi. You have the flexibility to personalize and or customize the layout to suit your working style needs.
